

STEP 1

Part to be replaced is identified .

STEP 2

The mechanic scans QR code (located in the COP panel or on the back of the fixture) using their smart phone.

STEP 3

Parts list for that specific fixture is shown.

Mechanic confirms their selection through part description and pictures.

STEP 4

The mechanic adds to cart and forwards to supervisor for approval and purchase to send to MAD.

STEP 5

Part ships within 24 Hours
from MAD.
